POSITION ANNOUNCEMENT
OPEN RANK LIMITED TO ASSISTANT/ASSOCIATE PROFESSOR – GASTROINTESTINAL
HEALTH / PHYSIOLOGY
Tenure/Tenure-Track Faculty Position
9 month academic appointment
Position Number 103160

Description:
Assistant/Associate Professor (tenure/tenure track). This position has a 70% Research and 30% Teaching or Extension appointment.

Responsibilities:
For appointment as an assistant professor, the selected candidate will be expected to establish an extramurally funded research program, and for appointment as an associate, the individual is expected to have demonstrated success at supporting their research through extramural funding. Previous experience with domestic animals is preferred, but not required. However, all candidates must have the interest and ability to conduct research in agriculturally relevant animal models. The successful candidate will be expected to collaborate with existing faculty members, and to develop a strong graduate student research and educational program.

Qualifications:
Minimum qualifications include a doctorate in animal science, veterinary medicine, microbiology or a related discipline. Preferred qualifications include a demonstrated record of publication and clear prospects/evidence for extramural government or industry funding.

Salary & Benefits:
The University offers a comprehensive benefits package. The position is a full time 9-month academic year appointment. The opportunity exists to supplement salary through summer salary support from extramural funding.

Applications:
All interested individuals are encouraged to apply. Applications must be submitted through eTerp2 at https://ejobs.umd.edu/. Completed applications must have a letter of application addressed to Dr. Zhengguo Xiao, Search Chair, Department of Animal and Avian Sciences, University of Maryland. The position must be indicated in the application letter as the Gastrointestinal Health/Physiology position. Applications must include a description of research and teaching or extension accomplishments and proposed research and extension program, a curriculum vitae, unofficial transcript, and contact information for three professional references. The request for professional letters of reference will be generated by the eTerp2 system. Letters of reference must be submitted through eTerp2 prior to review of applications.

Closing Date:
For best consideration, applications will be accepted until November 23, 2015 or until a suitable candidate is identified.

The University of Maryland, College Park, actively subscribes to a policy of equal employment opportunity, and will not discriminate against any employee or applicant because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, or political affiliation. Minorities and women are encouraged to apply.
