

**UNIVERSITY OF MARYLAND  
DEPARTMENT OF ANIMAL AND AVIAN SCIENCES**

**POSITION ANNOUNCEMENT**

**ASSISTANT PROFESSOR – POULTRY MANAGEMENT**

*Tenure-Track Faculty Position*

*9 month academic appointment*

*Position Number: 126735*

***Description:***

Assistant Professor (tenure-track).

This position has a 70% Extension /15% Research/ 15% Teaching appointment.

***Responsibilities:***

The Department of Animal and Avian Sciences is seeking an individual to provide leadership in Extension activities and applied research to benefit the poultry industry in Maryland, which is the largest agricultural industry in the State. The successful candidate will be expected to substantially contribute to Extension efforts in the State and to work closely with the poultry industry and Extension agents. The candidate will be expected to maintain an extramurally funded Extension and applied research program, and will have ample opportunities for intra-departmental collaboration with ANSC faculty members (<http://www.ansc.umd.edu/people/faculty>). The applied research program is open to any discipline within poultry science, including nutrition, health, management, welfare, genetics and physiology. Poultry facilities to support an applied research program are operated by the Department and by the Maryland Agricultural Experiment Station (<https://ansc.umd.edu/research/research-centers>). Teaching responsibilities include instruction of Commercial Poultry Management at the undergraduate level, every other year, and the training and mentoring of graduate students. The Department of Animal and Avian Sciences has a steadfast commitment to excellence and seeks to be a national leader in education and research in animal sciences. We recognize that efforts to foster diversity, equity, inclusion and respect for diverse populations are critical to attaining the excellence we strive to achieve. Currently the Department has 26 faculty members and offers B.S., M.S., and Ph.D. degrees. Further information about our Department can be found at <http://www.ansc.umd.edu>.

***Qualifications:***

Minimum qualifications include a doctorate in Poultry Science or a related discipline and experience with Extension and applied aspects of poultry science. Preferred qualifications include demonstrated success in Extension programing and clear prospects for extramural funding.

***Salary & Benefits:***

The University offers a comprehensive benefits package. The position is a full time 9-month academic year appointment. The opportunity exists to supplement salary through summer salary support from extramural funding.

***Applications:***

All interested individuals are encouraged to apply. Applications must be submitted through eTerp2 at <https://ejobs.umd.edu/>. Completed applications must have a letter of application addressed to Dr. Chad Stahl, Chair, Department of Animal and Avian Sciences, University of Maryland. Applications must include a description of Extension and research accomplishments and proposed Extension and research programs, a *curriculum vitae*, unofficial transcript, and contact information for three professional references. The request for professional letters of reference will be generated by the eTerp2 system. Letters of reference must be submitted through eTerp2 prior to review of applications.

***Closing Date:***

For best consideration, applications should be submitted by December 9, 2022. Applications will be accepted until a suitable candidate is identified.

***The University of Maryland, College Park, actively subscribes to a policy of equal employment opportunity, and will not discriminate against any employee or applicant because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, or political affiliation. Minorities and women are encouraged to apply.***
